- Hammer
- Scruwdriver
- Key Phillips
- Chave Phillips

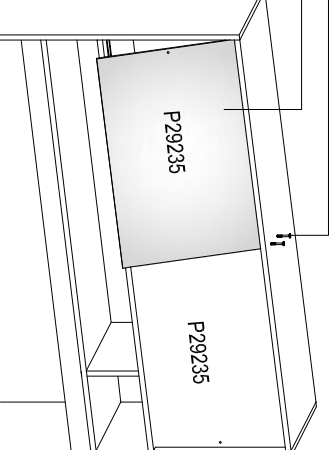

Processo Necessarios para montagem

No caso de dificuldade para encaixar as portas com o canal da base intermediária e chapéu soltar o parafuso do batente e logo depois da colocação das portas apertando novamente.

Colocar as portas após a montagem do produto, encaixar em cima e pressionar a mesma até encaixar no canal da base intermediária.

In case of difficulty to assemble the doors with the intermediary base and hat, loss the screw and after assembly the door, squeeze one more time.
